

Dear brothers and sisters, prayer supporters, friends,

We greet you from already pleasantly sunny HUB. All of us have eagerly waited for the nice weather to come. In such ambience we have finished the second school term. We praise God for His grace He has showed us guiding us through the past period. Erik Sokolai from Backa Topola and Riste Micev from Macedonia finished their one year studies, yesterday. We said goodbye to them with a prayer that God guides their steps and share with others all they received over the past year. Please keep praying for these two wonderful God's servants!

Sladjan, Erik, Jaroslava, Riste

Thank you for your support and your readiness to support both the HUB team and our students.

NEWS at HUB and coming events

During the school year we organised, for the first time, the courses on Creationism and Evolution, and Apologetics, which were run by Dr. Heinz Lyckama from the USA. We can't even describe how well they went and how blessed we were through Heinz's ministry during that week.

The new term will start in only a few weeks. In the meantime, from 6th to 10th April we will organise, also for the first time, a Family Retreat for the families affected by disability. There will be about 80 participants of this five day Family Retreat in the central Serbia. This is a new thing we are doing, and with this ministry we desire to reach with the Gospel the hearts of those marginalised in our country.

Please pray for us as we make preparations for this event. Our partners are organisations Joni & Friends from Los Angeles and Hannah's Hope from Sombor (Serbia).

I shall list only a few more coming activities which we plan to have at HUB.

During the week after Easter, a course on Ministry to the Disabled will be hosted by HUB; another great opportunity for training Christians who will serve these people. The speaker will be Dr. David Anderson from the USA.

With the Project Timothy organisation we will organise a course on Preaching that will be open for all interested believers, pastors, preachers... The speakers will be pastors Eddie Coulter and Brian Kerr from Northern Ireland.

From 7th till 10th May Dr. John Dettoni will teach about the Youth Ministry, which is an opportunity for a good training for Youth Leaders.

The list of the events is long and our prayer is that, we who are at HUB can maximally minister to churches and God's people in this region. Our greatest joy is when we achieve that.

Thank you for being in this ministry with us. May the Lord bless you every effort you make so that this ministry can go forward.

Yours in Christ,
Sladjan and Jaroslava Milenkovic, with the HUB Team

HUB 18.mart 2010.
