"The kingdom of heaven is like a mustard seed, which a man took and sowed in his field; and this is smaller than all other seeds; but when it is full grown, it is larger than the garden plants, and becomes a tree, so that the birds of the air come and nest in its branches." (Matt 13:31-32)

Dear brothers and sisters,
Five years ago, we completely filled our old sanctuary when we had 39 adult church members. At that time, 2007, we decided to breakdown the walls of rooms designed to be the pastor's apartment and in its place we built a new meeting room for the church. We have continued to use the old meeting room for children's work. As you can see in the pictures, it was a big project and we invested a lot of work and money, but with God's help we succeeded to finance the work by ourselves. At the end of 2008. we also started a church in Ruma which we have supported on our own.

For a few years the new facility was big enough, but by the mercy of God, the church has grown and the space has become too small. In 2010, we had 67 adult members and 35 children of believing parents. Since spring of this year, we have been meeting in a tent with the dimensions of 8x12 meters. We set the tent up in the yard of the old church. The tent may be enough for now, but the winter is coming and we can't meet in the tent, and the old church building is too small for all to fit. We have decided to build a new church building in the yard, the same place where the tent now stands. We would like to erect a stick-built building, because that would be fastest and cheapest. We will hire a company to build the walls and roof, and the rest of the work we will do by ourselves. Our biggest obstacle is that we must pay the company in advance in full. We don't have enough money for that. We would welcome every church or individual who would like to help us.
