

Dear friends, family and loyal supporters THANK you for your prayers, encouragement and support

I have great joy to share with you exciting news. First to say that I am very pleased with my team. It is very exciting to work with them because they are people who have great vision and love of God.

## SOZO festival

In the past few months we have spend most of our time organizing SOZO festival. In the end we had 150 participants on our seminars, 6 excellent seminars 9 outstanding teachers, 80 volunteers from 24 different nations, all of Novi Sad churches involved in this event, great evening concerts of the different genre of the Gospel music performed by 15 different artists, band and choirs on the popular Novi Sad beach STRAND. What was once a dream has turned into reality. Glory belongs to our Lord.

This was a great challenge for us. Why? Because for years evangelical Christians were considers as a destructive sects in Serbia, but we had to go public with concerts in the Novi Sad. We were scared. We needed a change of mind. But then God breathed into us spirit of courage. And so we started with the preparations. In the end we have gone so far that everyone knew in Novi Sad for the festival, lots of media were supported festival and concerts are held on stage on the popular Novi Sad beach "Strand"

Next year we are planning a much larger festival and that many more people to be part of.

## Summer camps

We had two camps this year. One for children and one other for teenagers and students. We had about 30 children at the children's camp and 50 participants at a youth camp. I participate on to the camp with students and teenagers. Among the participants there were many non-Christians, but we were teaching about Christ and His love for us.

Several youth surrendered they life to Christ. My goal was that everyone in my small group pray and accept Christ as their savior. At the last meeting of small groups I share my testimony and explain how they can have a relationship with Christ. Finally I asked them if they wanted to pray with me and to invite Christ into their lives. All agreed and repeated the prayer with me.

# Nick Vujicic is in Serbia

Over the past month, I can say, busy, busy ...

Nesa (my pastor) took the responsibility for our team to organize Nick Vujicic coming to Serbia, together with a team from Belgrade. And so, tonight in Belgrade Nick speak in front of more than 4000 people in the great hall at 7pm. In Novi Sad tomorrow in the front of 5000 to 6000 people.

We are so grateful to God for choosing us, in His grace, for organizer of Nick Vujicic's campaign in Serbia. Ever since the very begging we have sensed God saying to us that this is His project and He will be leading us, opening doors for us and providing everything that is necessary for this incredible event in our country. Now, as we look back we can clearly see how God's promise is being fulfilled.

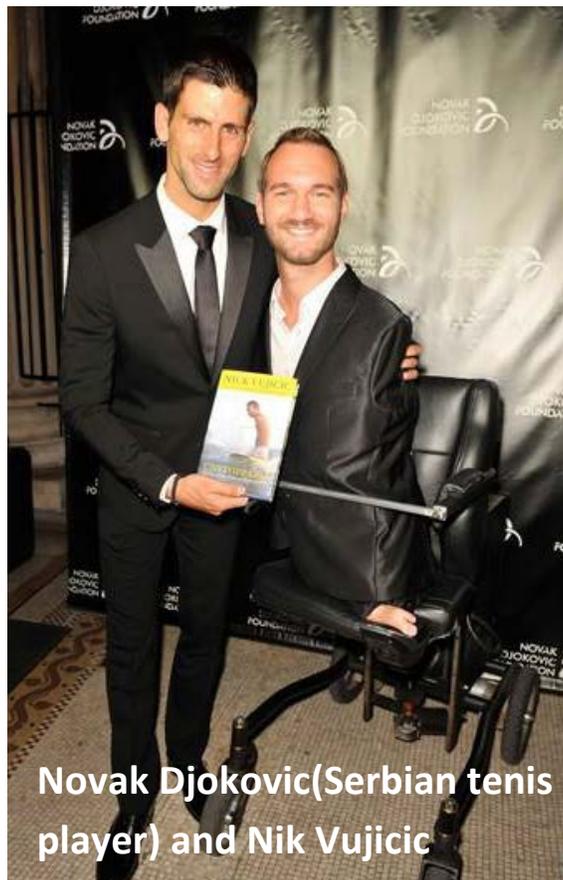

Ten fays ago the billboards have been put up with the invitation to Nick's speeches in Belgrade and Novi Sad. Almost every media in our country has contacted us, wanting to be a part of this great event and so many popular and famous people from our country have joined us as partners in this campaign, national football teams "Partizan" bringing whole team to the event in Belgrade. Nick will be a guest on many places and the most watched shows TV stations in Serbia. All papers are written about him. Today I read in the papers: exclusive news Nick Vujicic. Today Nick was the with patriarch of the Orthodox Church, he will be received by Princ of Serbia in White Castle..... God is doing far more than we could have ever imagined or asked for.

Still, as we are approaching the outreach events, our greatest desire and main prayer is for God to be glorified and honoured those evenings and we ask you to pray with us that God will open up the heavens and pour out His Spirit upon our nation, upon every single person who will be attending these events. Our greatest desire and prayer is for people to go home encouraged and determined to commit their lives to Jesus and live as children of God from then on.

What touched me the most is that for the first time in the history of the evangelical churches in Serbia churches cooperate together and organize this event. With this we write the history of the evangelical churches in Serbia that we are united and that we have the same goal: a reach people for Christ. Last night I was at a meeting of volunteers and I saw the young people from all churches have come to be part of this event and they are not ashamed to be able to say that they are Christians and are not afraid to come forward today and tomorrow and say what they believe in and that no one will call them Spiritual Face of Serbia is changing. God is working, and we are here to be part of it and see how it is changing. Is not that exciting?

Wishing you every blessing and grateful for all your support,
