## *The month of May - Something Most Beautiful*

As May approaches my heart rejoices more and more because the 25th of May will be my happiest day when I will seal my covenant of love and enter into marriage with Tabita Debreceni. With impatience I await this day. Please pray that God guides the whole event and will give us wisdom to organize and make that day special for us and for our guests.

My fiance is thinking about the possibility of completing the CEF Training Institute in Romania which begins in mid-June so that she would be better equipped for her ministry to children. Pray for this opportunity and for God's guidance.

## **Fighting against the Waves**

Serving Christ isn't easy and it's often a fight against the waves, in caring for the lost and weeping over Jerusalem. Sometimes when we see the hungry and the weak, we remember Jesus' words - "Give them something to eat." And other times we meet people who only want to use us. Walking on the water requires faith and a clear view of Christ.

Without Christ's love and strength through the Holy Spirit, we are like Peter who sinks in the waves of doubt and helplessness. This is why we must **put our faith in Christ and keep our eyes on Him.**

## **Running an**

## **Obstacle Course**

My heart's desire is to see youth approach God, get to know Him and then allow Him to change them. But on that path lies various obstacles that only prayer, fasting, and God's strength can overcome.

A month ago we organized a Youth Alpha Course for the youth in Niš. Several of them showed a huge interest and regularly came to the gatherings, but some problems arose and they stopped coming. It truly hurts my heart when I experience this sort of situation, and I invite you to **pray for Jakob, Lazar and Pavle.**

*Pray God will touch them and solve the problem that made them disappear so that they will come again without that obstacle to continue studying God's Word.*

## Coming Up

The first up-coming activity is the **Youth Conference** that will be held in Niš, April 12-14.

The preparations for the conference are in progress, and in the following days we want to contact all the youth to encourage them to be a part of the conference.

Our enemy is working to bring conflict and doubts, but we really believe this event is vital for the youth's spiritual growth.

We want to especially *invite youth from Niš to come to this conference*. Please pray that our God leads so we will know how to get in contact with the youth and in what way to invite them so they don't immediately dismiss us as a cult. Our wish and prayer is for God to fulfill His will, with His strength, so His name is glorified and the youth will be reached by God.

*We still don't have the finances that are needed to rent the necessary auditorium for holding this conference*. The cost for renting the auditorium is 400 euros. Please pray together with us about this need.

## Something New

The second up-coming activity connected to Niš is the possibility of organizing an **English camp** in cooperation with a Christian organization called "Network." This summer camp, to be held at our campground in Mrčajevci, is designed specifically for youth from Niš. The Niš ministry team would be the hosts for the camp, so we will have the chance to meet the campers and to hang out during the whole camp.

The goal of the camp, along with *learning English*, is for the youth to *hear the gospel and get to know us* as the hosts so that we can continue contact with them after camp.

It's our job to advertise the camp and register youth from Niš. I'd like to advertise the camp in high schools and to hand out flyers in the city. **Please pray** for God's guidance while we're advertising and organizing this camp, that we would know how to approach the schools since this would be the first time to publicly present our work in the schools.

**I wish you a happy and blessed Easter,**
